REPORT OF THE COMMITTEE

OF THE

MELBOURNE ATHENÆUM

FOR THE YEAR 1877.

1. The Committee of the Melbourne Athenæum have much pleasure in presenting their Report of the proceedings of the past twelve months, and in doing so cordially congratulate the subscribers upon the increasing prosperity of the Institution.

2. The revenue for the year 1877 amounts to £2840 10s. 11d., a sum which cannot but be deemed highly satisfactory, and has enabled the Committee to carry out the whole of the improvements proposed in the last Annual Report.

3. The number of members on the roll is 1681, made up as follows, viz.:—Yearly, half-yearly, and quarterly subscribers, 1571; life members, 97; and honorary members, 13. The subscriptions for 1877 amount to no less than

£1723 18s. 3d., an increase of £231 15s. 3d. over the previous year. Five years ago the revenue from this source was only £580 per annum. New members to the number of 481 joined during 1877.

4. In order to meet the increasing demand for accommodation, the two western offices in front of the main building were converted, in April last, into a News Room, at an immediate cost of £65 1s. 4d. This is, of course, exclusive of the loss of office rental, amounting to £117 per annum. The alteration has been of a beneficial nature, relieving the Main Reading Room of considerable pressure, and leaving it free for readers of the weekly and illustrated papers, and of magazines and books generally. The News Room is devoted exclusively to the leading Town, Country, and Intercolonial papers. No less than 31 copies of the Melbourne dailies are now exhibited in this room.

5. Attention has been paid to the Library. A large quantity of new books have been added, and the number of copies of standard works considerably increased. Special care has also been taken to conserve the property in this department by means of a liberal expenditure on binding. The contract for a direct supply of the latest current fiction by each mail has worked well, and appears to have afforded general satisfaction.

6. The bound volumes issued from the Library during the year amount (see paragraph 15) to a grand total of 45,293, and the separate monthly parts of magazines to 11,000.

7. Inclusive of outstanding liabilities, the total amount expended in books and newspapers, magazines, binding, &c., in 1877 was nearly £1000. Several extra copies of leading magazines and newspapers have been added to the list, and no effort has been spared to make the supply as large and varied as possible.

8. The New Catalogue, based upon the principle of classification followed in the Public Library, and founded upon that of the British Museum, has afforded the members increased facilities for reference, and appears to have fully served the purposes for which it was compiled.

9. The attendance in the Main Reading Room, News Room, and Library, has increased proportionately with the accession of new members. While on this subject, the Committee wish to draw particular attention to the fact that lady members are by no means restricted to their own Reading Room, but have access to, and are specially invited to make use of, the Main Reading Room.

10. The Classes have been fairly attended. They comprise the following:—French, German, Italian, Phonography, Singing, the subjects for the Civil Service and Matriculation Examinations, &c.

11. In accordance with a proposal adopted at the Annual Meeting, the Large Hall and approaches were decorated in the early part of the year. Messrs. J. St. Quentin and Son were the contractors, and the work was carried out under the supervision of Messrs. Smith and Johnson, architects to the Institution. The contract was performed in a very faithful manner, and the result has met with general approbation, the whole of the Melbourne Press agreeing in the opinion that the Athenæum Hall is now one of the most elegant in the colonies. A loss of revenue naturally occurred through the closing of the Hall while undergoing the process of decoration, but notwithstanding this, the amount to the credit of the lettings reached a total of £606 17s. 4d.

12. The Small Hall and Rooms have also been in demand, and have returned a revenue of £163 6s. and £89 3s. 6d. respectively. The two remaining offices in front have brought in a rental of £163 10s.

13. Doubts having existed as to what alterations in the Rules were sanctioned by members at the Special General Meeting, held 24th August, 1876, a Sub-committee was appointed to consider the same. Opinions of counsel were taken, and the Rules have been duly engrossed and printed in accordance with the opinions received.

14. The Committee take this opportunity of thanking the Metropolitan, Provincial, and Intercolonial Journals for the cordial manner in which they have frequently advocated the claims and recorded the success of the Melbourne Athenæum. Copies of the Annual Report are now sent to several hundred newspapers, many of which have been pleased to speak of the Institution in the highest terms.

THE
MELBOURNE ATHENÆUM
LIBRARY & READING ROOMS,
COLLINS STREET EAST,

Immediately above the Town Hall, and opposite the "Argus" Office.

In the principal Reading and lower News Room will be found Newspapers from all parts of Victoria and the neighbouring colonies; the leading London and Provincial Papers are laid on the tables immediately on the arrival of the English Mail Steamer.

The supply of Magazines and Periodicals—scientific, artistic, literary, and amusing—is most complete, and includes every publication of note, either Home or Colonial. (*See lists on last page of within Report.*) Of the more popular, as many as six copies are supplied; these may be borrowed by members.

There is a separate Reading Room for Ladies, supplied with suitable Newspapers and Periodicals. Subscription per annum, Ten Shillings.

The Library is divided into two Departments—the Circulating Library and a Library of Reference. The former contains between 15,000 and 16,000 volumes, which are lent to members and their families. New works are being constantly added. To many the library of Reference will be found of value, as it contains files of Home and Colonial Newspapers for thirty years back; also such works of Reference as Parliamentary Proceedings, Gazettes, Encyclopædias, Men of the Time, Directories, the best Etymological and Scientific Dictionaries, &c., &c.

The Reading Room is open daily from 8 a.m. to 10 p.m., Sundays and Public Holidays excepted.

The Library is open from 8.30 a.m. to 9 p.m.

On Saturdays the Library is closed at 2 p.m.

Classes are held during the week, at convenient times, for instruction in French, German, Italian, Singing, Phonography, the subjects for the Civil Service and Matriculation Examinations, &c., to which members are admitted at a reduced scale of fees.

The Subscription to the Institution, entitling a member to the whole of these advantages, is £1 1s. per annum, 12s. 6d. half-yearly, or 7s. 6d. quarterly; Life membership, ten guineas. No Entrance Fee is charged. Members can join at any period of the year.

Any further information that may be desired will be gladly rendered on application, at the Institution, to

GARNET WALCH,
Secretary.
