REPORT OF THE COMMITTEE

OF THE

MELBOURNE ATHENÆUM,

FOR THE YEAR 1886.

The Committee are glad to be able, in this Report, to congratulate the members on the possession of a Building worthy of the Institution. The contractor, Mr. Alexander Kemp, completed his work, with the additions that had been found necessary, within the allotted time. The New Building was formally opened on Wednesday, 7th July, 1886, by His Excellency Sir H. B. Loch, K.C.B., who was accompanied by Lady Loch and Suite. Several old patrons and friends of the Institution were present, and also a large number of subscribers and leading citizens of Melbourne. An address was delivered by the President, Mr. Charles Rennie, who gave a sketch of the history of the Institution. He was followed by Professor Elkington, who enlarged on some of the uses of the Institution. His Excellency then declared the New Building open, and expressed a hope that all old friends, and many new ones, would accord the Institution a very hearty support, now that it had taken possession of its New Building, and was entering on a fresh career of usefulness.

A Musical Entertainment followed, which was given by the members of the Metropolitan Liedertafel, assisted by some ladies, the whole being under the conductorship of Mr. Julius Herz.

The President, at the conclusion of his address, informed the audience that Mr. Alderman Moubray, one of the Trustees of the Institution, had generously given a donation of one hundred guineas for the purchase of a statue of Minerva to be placed in the niche at the top of the building. The modelling of the statue was entrusted to Mr. Kretzschmar, who completed his work a few weeks ago, and placed the statue in the niche. The thanks of the Committee have been tendered to Mr. Alderman Moubray for his handsome gift.

Since the opening, the work of the Institution has progressed well in the New Building. The roll of members has been substantially increased, and it is expected that a still larger number will be added during the year.

The Balance-sheet is very satisfactory. It shows that the whole cost of the New Building, with all the fittings and furniture has been paid. There is good ground for feeling confident that there will be a sufficient revenue to enable the Committee to lay by each year a substantial amount towards paying off the mortgage of £18,000.

The gross receipts for the year amount to £3591 19s. 11d., including £314 0s. 6d. received as interest on fixed deposits. Of this amount the subscriptions have yielded £1403 12s.; the Large Hall, £861 11s.; the Front Shops, £637 5s.; and the Small Hall, £162 1s. 6d.

The gross expenditure amounts to £12,784 0s. 3d. This includes the sum of £7947 11s. 6d., the balance of the building account; £578 10s. 9d. for new fittings in the Library and Reading Room; £488 11s. 9d. for other fittings and furnishings; £353 9s. for Architects' fees; £201 12s. for rent at the Equitable Co-operative Society's Building, and £100 for the statue of Minerva. The expenditure for ordinary purposes amounted to £1946

3s. 3d., of which the principal items are £780 18s. 4d. for salaries; £588 19s. 10d. for books, magazines, and newspapers; £227 11s. 2d. for gas; and £108 10s. 10d. for binding.

The number of books added to the Library was 700. The total number of books issued to the Subscribers was 29,382, and 7,000 magazines.
