REPORT OF THE COMMITTEE

OF THE

Melbourne Athenæum,

FOR THE YEAR 1895.

THE Committee of the Melbourne Athenæum submit their report of the transactions of the past year.

The expenditure still exceeds the receipts, notwithstanding the fact that a considerable reduction was made in the salaries of the staff, which, however, took effect only from the middle of the year. The full saving thereby effected will be more apparent this year.

As it was deemed advisable to pay off the overdraft at the City of Melbourne Bank, it was decided to obtain a further loan on mortgage of the real property of the Institution. By the then existing rules, money could be so borrowed only for the purpose of extending the buildings, or making additions thereto, or alterations thereof, or for paying off any existing mortgage on the property. As the money was required for the purpose of paying off the overdraft and working expenses, it was necessary to have a new rule passed, giving power to borrow for such purposes. At a special general meeting held on 4th July, 1895, it was

resolved that the following new clause shall be inserted in Rule 46 before the words "and the repayment of any such moneys, &c."—

"3.—Provided that the General Committee may at any time, without such authority, obtain an advance of any sum or sums of money, not exceeding in the whole the sum of £2000, for the purpose of carrying out the objects of the Institution, and paying the necessary expenses connected therewith and incidental thereto, and any interest on any advance to the Institution."

In terms of this new Rule, an additional mortgage has been effected with the Executors of the Sumner Estate for £2000, making a total of £16,000, as compared with the original mortgage of £18,000. The first instalment for £1000 of the additional loan was received on 2nd October, and the balance will be received during the year. The rate of interest is 5 per cent. per annum.

The overdraft at the City of Melbourne Bank has been paid, credit having been received in full for the Fixed Deposits, which amounted to £300.

The following are the items of receipts for the year:—Subscriptions, £837 18s.; rent of front shops, £543 10s.; large hall, £402 9s.; small hall, £151 15s.; rooms, £108 4s. 9d.; sales, £15 12s. 11d.; interest, £15 9s. 2d. Total, £2074 18s. 10d.

The items of expenditure are:—Interest on mortgage, £719 10s.; salaries and wages, £662 1s.; books, magazines, and newspapers, £401 15s.; lighting, £256 1s. 6d.; rates, £119 5s.; repairs, goods, &c., £86 0s. 2d.; binding, £50 14s. 6d.; insurance, £36 0s. 6d.; interest on overdraft, £35 1s. 9d.; postage, stationery, and petty cash, £20 13s. 6d.;

advertising and printing, £15 14s. 6d.; auditor, £4 4s. Total, £2,407 1s. 1d.

An improvement has been effected in the lighting of the Upper Hall by the substitution of Welsbach burners for the old ones. The change has given great satisfaction to those who use the Hall, and will effect a saving in the cost of gas.

The number of members on the roll is 859, of whom 97 joined during the year.

The number of books added to the Library during the year was 485; the total number of works issued to subscribers was 26,806, and 6,127 magazines.
