### **ANNUAL REPORT 2021**

Presented May 2022

### The Melbourne Athenaeum Incorporated

### **President's Report**

The Melbourne Athenaeum Incorporated has managed to trade through another tough year across 2021 and our building with the library at its centre is now back up and running in 2022. If you haven't visited the library recently, I would encourage you to drop in and say hello. The book collection continues to expand, and the arts program is back, providing stunning entertainment for members and their guests and much needed support to Melbourne's creative community. We have enjoyed some great musical performances so far this year with more to planned during the rest of the year.

Other events planned for the rest of the year include the return of Inventi Ensemble, a play reading directed by Susie Dee in June, Sisters in Crime and the *Body in the Library* short story competition, music performances by Affinity Quartet, Rebecca Barnard, Barry Dickens with Danny Walsh, Sally Ford and the Idiomatics and Flinders Quartet in December.

The organisation has traditionally managed a very conservative balance sheet to ensure the organisation maintains a good cash reserve. The management of this cash reserve enabled the Melbourne Athenaeum to survive the past 2 years by carefully managing expenditure, and by financially supporting our tenants to ensure they survived through the toughest of economic times. The organisation can now look forward, and we hope, flourish in 2022 with the support and engagement of the whole building community including our members. Financially, the Melbourne Athenaeum remains in a strong position.

Thanks to staff and volunteers, and to retiring archives volunteer Anne Marsden who has not only volunteered her time researching the

organisation's history, but also authored essays for the *Victorian Historical Journal* and the Charles Latrobe Society's *Latrobeana*. During her research with the Melbourne Athenaeum, she published two books on the first committee of the Melbourne Mechanics' Institution and a companion volume on their wives and daughters. She received a commendation for her work from the Royal Historical Society of Victoria and the Public Records Office.

Thanks also to the committee for so capably steering the organisation through another difficult year.

### **Business Manager's Report**

My 2021 report could not have anticipated that Victoria, and Melbourne in particular, would find itself once again in and out of lockdowns, navigating the financial impact of forced closures on the hospitality and entertainment sectors (our key income source), returning to the limited library services of 'click and collect' and planning

and rescheduling activity within the building and the library.

Well, all that did occur, and here we are again, anticipating a brighter future after two very grim years in the heart of this city. I had a conversation just last week with a friend based in Lismore, New South Wales, who is struggling to come to grips with the massive and repeated flooding devastation there over the past six weeks. Even as that community commence the rebuilding of their city, she thanked Victoria "for doing all those lockdowns while we were waiting for vaccines." It is worth taking a moment to reflect on how tough the 2021 year of lockdowns was.

The library farewelled Eunice Ang and Lauren Francis and due to the uncertainty of 2021 were not immediately replaced. An HR consultant was engaged to review our staff and organisation structure to ensure that future recruitment was tailored to our specific needs. The full-time coordinating role was upgraded to a lead position, and we welcomed Jill Semmens in March 2022 to fill that role. We also welcomed casual staff Shannon and Aubrey to support the re-opening effort. An acquisitions librarian will soon be recruited, returning the library to it's full staff. We farewelled some of our longer serving volunteers, Aaron Cook in the library and Anne Marsden in the archives. As our Treasurer Kevin Quigley once said, "people will donate enormous time to community enterprises which simply give pleasure to others." Their contribution to this organisation's library and archive is immense and enduring.

The organisation has been able to navigate this financially challenging period, drawing on its reserves to maintain the building, retain staff and our tenants, and limit the impact of the pandemic on our building's community.

In the latter part of the year, the management committee developed and published its 5-year strategic plan, a condensed copy of which is available on our website. Priority areas for the building and library over the next twelve months have been identified and work has commenced to achieve tangible outcomes through the delivery of an annual operating plan. The sub-committees have started to meet "in person" again, and a new cultural sub-committee was established to steer the events, activities and cultural program initiatives that will add value to memberships and encourage new activity within the building and library.

We cannot thank members enough for enduring the past two years, maintaining your membership, and continuing to show support for the organisation's services. In the first quarter of 2022, we have seen a spike in membership growth, and we hope that continues during this year. Members are returning, whether it is to borrow books, attend an event, or simply to enjoy sitting next to the beautiful library windows. We are so very pleased to welcome you back.

### **Library Report**

It is tempting to just reprint the 2020 library report for 2021. For the second year in a row the library was closed more days than it was open.

We reopened in Mid-January 2021 initially for three days per week (Thursday – Saturday); this continued until March when we welcomed our new staff member, Lauren Francis, to the library desk. Being fully staffed meant we could resume our full operating hours, six days per week.

During this time, it was exciting to see some (covid) normalcy return to the library. Our membership numbers started to increase, and it was great to see our members, and the books, returning to the library.

Then, at the end of May, Melbourne locked down for two weeks. During this period Lauren Francis resigned and when the library reopened in June it returned to three days per week.

In June we welcomed Sarah Jasenia, a Master of Information Student from RMIT, to the library. Sarah was able to complete her professional placement in between lockdowns and was an excellent addition (albeit temporary) to the library team.

Looking at the daily statistics we seemed to flip flop in and out of lockdown in June and July. In between lockdowns, and in conjunction with Sisters in Crime, The Scarlet Stiletto Short Story Competition was officially launched at the Library on Friday 9 July 2021. Briefly things seemed normal...

Our excitement at having events back in the library was short lived. In early August Melbourne locked down again and the library closed. Staff were furloughed for part of this period, and it was mid-September before we were able to re-introduce a click and collect service, operating one day a week, from the building foyer.

October brought with it the resignation of Eunice Ang who accepted a position in the Medical Library at Eastern Health. We also welcomed Aubrey Flood a Diploma of Library and Information Services student from Swinburne to the library. Her August placement in pushed her start date out to October.

From mid-November we reopened four days per week – Wednesday to Saturday, having recruited two casual staff members Shannon Parsons and Aubrey Flood to support this.

In November the committee approved a three-month extension on current library memberships to thank members for their loyalty during a very difficult 2021. All staff and volunteers have enjoyed welcoming members back as services resumed.

Unsurprisingly there was an increase in eBook loans through 2021, especially during lockdowns. As the library reopened, we saw members returning books and, anecdotally, not borrowing for fear of future

lockdowns, even though the library constantly extended loans through this period.

It was a tough year for our volunteers also. The ongoing lockdowns impacted their ability to contribute to the library, yet they came in whenever possible to help. We couldn't have done it without them.

2021 was not without challenges and I thank everyone (Committee, Staff, Volunteers, Students) who stepped up to ensure that the library was able to continue to provide valuable services to our members.

Thank you also to our loyal members for sticking with us during two years of disruption.

### **Archives Report**

The archive was again closed in 2021 and continues to be inactive at the present time.

The management committee considers the archive a valuable resource and is aware that it provides a unique perspective on the settler community in the colony of Port Phillip.

Caring for our home and heritage is a key goal in the organisation's strategic plan, and the organisation will seek funding support to prepare a collection significance assessment and preservation reports on key documents held in the collection.

It is hoped in the coming years, the Melbourne Athenaeum's archive will become more available to researchers and the general public.

#### **Notes to the Financial Statements**

#### 1 Summary of Significant Accounting Policies

#### (a) Basis of Preparation

This financial report is a special purpose financial statement prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Reform Act 2012. The Committee has determined that the not-for-profit Association is not a reporting entity.

The financial statements have been prepared in accordance with the recognition and measurement requirements of the Australian Accounting Standards and Accounting Interpretations, and the disclosure requirements of AASB 101 *Presentation of Financial Statements*, AASB 107 *Statement of Cash Flows*, AASB 108 *Accounting Policies*, *Changes in Accounting Estimates and Errors* and AASB 1054 *Australian Additional Disclosures*.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The functional and presentation currency of The Melbourne Athenaeum Inc. is Australian dollars. Comparatives are consistent with prior years, unless otherwise stated.

The following significant accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

#### (b) Income Tax

The Association is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

#### (c) Revenue and Other Income

Interest revenue is recognised using the effective interest rate method.

Revenue from membership subscriptions is recognised on a cash basis

Investment property revenue is recognised as and when receivable under the terms of the lease agreements with the property tenants.

All revenue is stated net of the amount of goods and services tax (GST).

#### **Grant revenue**

Where grant income arises from an agreement which is enforceable and contains sufficiently specific performance obligations then the revenue is recognised when control of each performance obligation is satisfied.

Each performance obligation is considered to ensure that the revenue recognition reflects the transfer of control and within grant agreements there may be some performance obligations where control transfers at a point in time and others which have continuous transfer of control over the life of the contract.

Amounts arising from grants in the scope of AASB 1058 are recognised at the assets fair value when the asset is received. The Company considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Reg. No. A0010369T

#### **Notes to the Financial Statements**

#### For the Year Ended 31 December 2021

#### 1 Summary of Significant Accounting Policies continued

#### (c) Revenue and Other Income continued

#### Other income

Other income is recognised on an accruals basis when the Association is entitled to it.

#### (d) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

#### (e) Property, Plant and Equipment

#### Property

The land was purchased in 1842 and there have been no comparable sales in the immediate area for some time. In 2017 the Committee decided to value the land component of the Property to that calculated by the Tax Office for Land Tax purposes of \$3,060,000 resulting in a credit to the Asset Revaluation Reserve of \$3,060,000.

The building is a valuable heritage site and heavily protected by heritage orders. It is also subject to constant renovation and restoration. The replacement cost is difficult to determine so in 2017 the Committee decided to revalue it on the basis of its economic worth to The Melbourne Athenaeum, being a discounted calculation of actual and implied rentals for the next ten years. This resulted in a valuation of \$5,000,000 and a transfer to the Asset Revaluation Reserve of \$2,610,956.

#### **Plant and Equipment**

Plant and Equipment is carried at cost less depreciation over the useful life of the assets.

#### **The Book Collection**

In 2017 the Committee re-valued The Book Collection from the carrying value in 2016 of \$179,343 to \$300,000, resulting in a transfer to the revaluation reserve of \$120,657.

The valuation reflects the current replacement cost, based on the average purchase price of books discounted by 50% to reflect the average age of The Book Collection.

#### Depreciation

Plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the Association, commencing when each asset is ready for use.

#### (f) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of six months or less.

Reg. No. A0010369T

### **Notes to the Financial Statements**

#### For the Year Ended 31 December 2021

#### 1 Summary of Significant Accounting Policies continued

#### (g) Employee benefits

Provision is made for the Association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than twelve months after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Changes in the measurement of the liability are recognised in income and expenditure.

Employee benefits are presented as current liabilities in the statement of financial position if the Association does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date regardless of the classification of the liability for measurement purposes under AASB 119.

#### (h) Leases

AASB 16 is effective for annual reporting periods beginning on or after 1 January 2019.

The objective of the disclosures is for lessors to disclose information in the notes that, together with the information provided in the statement of financial position, statement of profit or loss and statement of cash flows, gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cash flows of the lessor.

A lessor shall disclose a maturity analysis of lease payments, showing the undiscounted lease payments to be received on an annual basis for a minimum of each of the first five years and a total of the amounts for the remaining years.
